

- FLORAL REGULATIONS -

The Cemetery staff will place up to three floral arrangements, which accompanied the casket or urn at the time of burial, on the completed grave. Natural cut flowers may be placed on graves at any time of the year. Flower vases are available for Cemetery use and are located in the numerous green bins found throughout the grounds.

Flowers will be removed when they become unsightly or when it becomes necessary to facilitate cemetery operations such as mowing.

Artificial flowers are not permitted on graves at any time as their presence interferes with grounds maintenance. No glass or ceramic vases or pots are permitted. Again, only the vases provided by the Cemetery may be used.

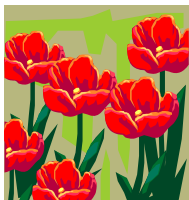

Christmas wreaths, but not grave blankets, may be placed on graves from December 1 through January 20. They may not be secured to headstones or markers.

As we mirror National Cemetery regulations an American flag will be placed, by Veterans organizations, at each grave site on Memorial Day only. These flags will be removed the following day by authorized staff.

Permanent plantings, statues, vigil lights, stuffed animals, breakable objects, and similar items are not permitted on the graves. The Idaho Division of Veterans Services does not permit adornments that are considered offensive, inconsistent with the dignity of the cemetery, or considered hazardous to cemetery personnel. For example, items incorporating beads or wires may become entangled in mowers or other equipment and cause injury.

Recoverable items removed from gravesites will be held for one month. Such items may be claimed at the administration building. If they remain unclaimed, they will be disposed of.

For the safety of visitors or staff, the Cemetery reserves the right to amend any of these regulations without notice.
