

VETERANS CEMETERY

The State of Idaho currently has one State Veterans Cemetery. This cemetery is located at 10100 Horseshoe Bend Road, Boise Idaho & can be reached at 208-334-4796, or by email cemetery@Veterans.idaho.gov. Pre-registration forms are available.

BURIAL BENEFITS

Eligibility for interment in the Idaho State Veterans Cemetery mirrors National Veterans Cemetery eligibility requirements. There is no requirement to be a resident of the State of Idaho. Interment fees for eligible Veterans are paid by the Department of Veterans Affairs. Associated funeral expenses and preparation are not included and are incurred by the Veteran's family or estate. Veterans and families are able to choose:

- A columbarium niche, cremation inurnment that includes an inscribed, granite niche cover;
- An in-ground, garden niche, cremation inurnment that includes a flush-to-the-ground inscribed, granite marker;
- A scattering garden, set in a natural draw of the Boise foothills, that includes a location for an inscribed marker in memory of the deceased;
- A full casket, in-ground interment that includes an inscribed, upright granite marker.

Military Funeral Honors are coordinated by the Cemetery. Honors include the playing of Taps, folding of the flag and its presentation to the next-of-kin. An Honor Guard detail of at least two members of the Armed Services is provided for the interment service of the eligible Veteran.

PRE-REGISTRATION

Pre-registration allows a Veteran and spouse to establish in advance, their eligibility for interment at the Idaho State Veterans Cemetery. There is no cost for pre-registration and it does not obligate the Veteran to be interred at the Cemetery. Pre-registration is intended to simplify and assist the Veteran's next-of-kin at the time of death. The key items for pre-registration are a copy of the Veteran's discharge papers and, for married Veterans, a copy of the marriage certificate.

EMPLOYMENT BENEFITS:

Veterans hiring preference closely mirrors the rules within the Federal Government. Specific Information can be found in Idaho Statute Title 65, Chapter 5.

General Information:

Idaho Law provides Veterans preference points for individuals who have been in active service, other than active duty for training, of the United States as defined by Idaho Code, Title 65, Chapter 5, Section 502(6), & U.S.C Section 2108. (See specific eligibility information below). Veterans preference points are also provided for individuals who have served on active duty in the armed services, have been discharged honorably, & who have a present service connected disability of 10% or more, or are a Purple Heart recipient. Veterans preference points are added to the final passing score & may improve a Veterans position on a list of qualified candidates. The preference points added are used only for initial appointment & not for promotions, transfers, or reassignments. Veterans preference requires public employers to provide additional consideration for eligible Veterans, but it does not guarantee the Veteran a job.
